PROFESSIONAL SUMMARY

Detail-oriented IT professional with hands-on experience in network administration, desktop support, Active Directory, Windows Server, virtualization, and Microsoft 365. CompTIA A+ certified and completing a Postgraduate Certificate in Cloud Computing, with practical experience building Azure and AWS cloud infrastructure and Windows-based IT environments. Skilled in troubleshooting, systems administration, security, and IT automation, with a growing focus on cloud engineering, cybersecurity, and AI-enabled IT operations.

HIGHLIGHT OF QUALIFICATIONS

- Over 1 year of desktop support and junior network administration experience, documenting and resolving 25+ technical issues with 30% faster resolution and 98% task accuracy.
- Hands-on Microsoft 365 administration: user/group provisioning via the Microsoft 365 Admin Center, Teams, SharePoint Online, Exchange Online, Intune/MDM device policies, Conditional Access, and role-based access control (RBAC).
- Practical Windows Server 2019 skills: Active Directory Domain Services, Group Policy, DNS, DHCP, WSUS patch management, Hyper-V Replica disaster recovery, iSCSI storage, and failover clustering.
- CompTIA A+ Ce Certified (June 2026); Microsoft 365 Certified: Administrator Expert (MS-102), Microsoft Certified: Information Security Administrator Associate (SC-401). Microsoft 365 Certified: AI Services Administrator Associate (beta) (AB-650), Designing Microsoft Azure Infrastructure Solutions (AZ-305), AWS Certified Solution Architect – Associate (SAA-C03) in progress.
- Five years of leadership experience heading a Risk Management and Compliance Unit — developing and enforcing security, data-retention, and regulatory policies and delivering organization-wide training.
- Early adopter of AI tooling for technical documentation, troubleshooting, and workflow automation, with strong communication, planning, and knowledge-transfer skills.

TECHNICAL SKILLS

- Microsoft 365 & Identity: Microsoft 365 Admin Centre, Outlook, OneDrive, Microsoft Entra ID (Azure AD), Google Workspace.
- Infrastructure & Networking: Windows Server 2019, TCP/IP, LAN/WAN, client/server architecture, network troubleshooting, NTFS volumes, Hyper-V virtualization.
- Cloud Platforms: Azure fundamentals (identity, authentication, RBAC), AWS fundamentals, cloud migration concepts, Service Health monitoring & post-incident review (PIR) processes.
- Automation & AI Tooling: PowerShell, Microsoft Power Platform & Copilot (fundamentals), Git/GitHub, HTML/CSS.
- Service & Operations: Help desk & ticketing systems, incident documentation, IT asset management, routine maintenance & backups, ERP systems (SAP, Business Vision, SPIRE), Smartsheet & data reporting.

EDUCATION

Postgraduate Certificate, Cloud Computing | George Brown Polytechnic.

May 2026 - April 2027

Cloud computing and system/network administration; graduating with Distinction.

PROJECTS & TECHNICAL LABS

Active Directory & Windows Server Lab

- Configured Windows Server 2019 Domain Controller with AD DS and DNS.
- Managed domain resources, users, computers, and DNS configuration.

Hyper-V Virtualization Lab

- Built and managed a multi-VM Hyper-V environment on Windows 11 Pro.
- Configured virtual networking, VM resources, checkpoints, and VHDX storage.

Windows Server Failover Clustering Lab

- Configured a Windows Server failover cluster with shared storage and quorum witness.
- Managed high-availability resources using Failover Cluster Manager.

Windows Deployment Services (WDS) Lab

- Configured WDS for network-based Windows deployment.
- Worked with deployment images and PXE-based installation.

PROJECTS & TECHNICAL LABS (CONTINUED)

Hyper-V Replica & Disaster Recovery Lab

- Configured VM replication between Hyper-V hosts.
- Tested replication, failover, and recovery capabilities.

Azure Cloud Infrastructure Project

- Designed and configured cloud infrastructure using Microsoft Azure services.
- Worked with virtual machines, networking, storage, identity, and cloud resource management.
- Applied cloud infrastructure and security concepts in a hands-on environment.

AWS Cloud Architecture Project:

- Designed and configured cloud infrastructure using AWS services.
- Worked with EC2, networking, storage, IAM, and cloud architecture concepts.
- Applied AWS security, scalability, and availability principles.

Bachelor of Science, Actuarial Science & Statistics | University of Lagos

Feb 2006 - Sept 2010

Graduated with Distinction — 4.5/5.0 GPA: Term Dean's List (4 semesters).

Professional Portfolio Website | GitHub Pages

Built and deployed a responsive site (HTML/CSS) via Git and GitHub Pages — live at olalekan-alonge.github.io.

CERTIFICATIONS

- **Certifications in Progress** **March 2027**
Microsoft 365 Certified: Administrator Expert (MS-102), Microsoft Certified: Information Security Administrator Associate (SC-401). Microsoft 365 Certified: AI Services Administrator Associate (beta) (AB650), Designing Microsoft Azure Infrastructure Solutions (AZ-305), AWS Certified Solution Architect – Associate (SAA-C03).
- **CompTIA A+ Ce Certification** **June 2026**
<https://www.credly.com/go/tAoKWKHWAXX7rz2u55Db9w>. Accredited by ANSI to show compliance with the ISO 17024 Standard. 220-1202 - CompTIA A+ Core 2 Certification Exam, 220-1201 - CompTIA A+ Core 1 Certification Exam.

PROFESSIONAL EXPERIENCE

- CrossWorld Solutions** **Toronto, Ontario**
Junior Network Administrator **Oct 2024 – Feb 2026**
 - Provided technical support and troubleshooting for hardware, software, network, and user issues.
 - Managed Active Directory accounts, permissions, provisioning, and deprovisioning.
 - Configured and maintained workstations, peripherals, and IT infrastructure.
 - Resolved 25+ technical issues while improving support efficiency and system reliability.
- Amico Clinical Solutions** **Richmond Hill, Ontario**
Field Inventory Specialist **Feb 2021 – Sep 2024**
 - Managed inventory systems, audits, shipments, and replenishment processes.
 - Improved inventory accuracy and operational efficiency through process improvements.
 - Collaborated with cross-functional teams and developed training materials for new employees.
- STACO Insurance Plc** **Lagos, Nigeria**
Head, Risk Management & Compliance Unit **Jun 2015 – Nov 2020**
 - Led enterprise risk management, security, compliance, and internal controls across business units.
 - Developed and implemented security, data-retention, and regulatory compliance policies.
 - Coordinated audits, risk assessments, and remediation activities while reporting findings to senior leadership.
 - Delivered security awareness and compliance training across the organization.

INTERESTS

- Home lab experimentation with virtualization and cloud technologies; personal development and continuous learning. **Languages:** English (Full Professional Proficiency).
